

LoCARNet: expectations

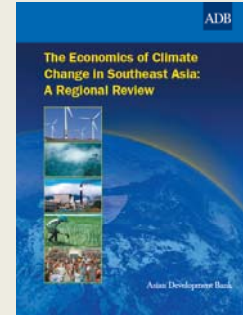

- Platform for collaboration (not just coordination)
 - plus knowledge and experience sharing
- Consensus and vision building
 - Synthesis of research outcomes
 - Transparent sharing of model, data and assumptions
- Capacity building—practitioners and general public (educational)
- Project-level, local-scale research—towards concrete actions on the ground

A suite of tools (example: SEA Ph 2)

Regional ECCs

- SE Asia (completed)
 - Phase II: **Strengthening Planning Capacity for Low Carbon Growth in Developing Asia** (started in Q1 2011)
