

Introduction of “Kyoto Environmental Activities Association” and our activities

Kyoto Environmental Activities Association
Shunsuke SHIMBORI

Outline of the association

- The association was established to realize sustainable communities in Kyoto.
- To achieve it, we promote several environmental activities with our many partners such as citizens, businesses, NGOs, universities, local government, etc.

Administration of a Miyako Ecology Center (COP3 Memorial Hall) / a facility for environmental education and environmental activities

Environmental Education / Education for Sustainable Development (ESD)

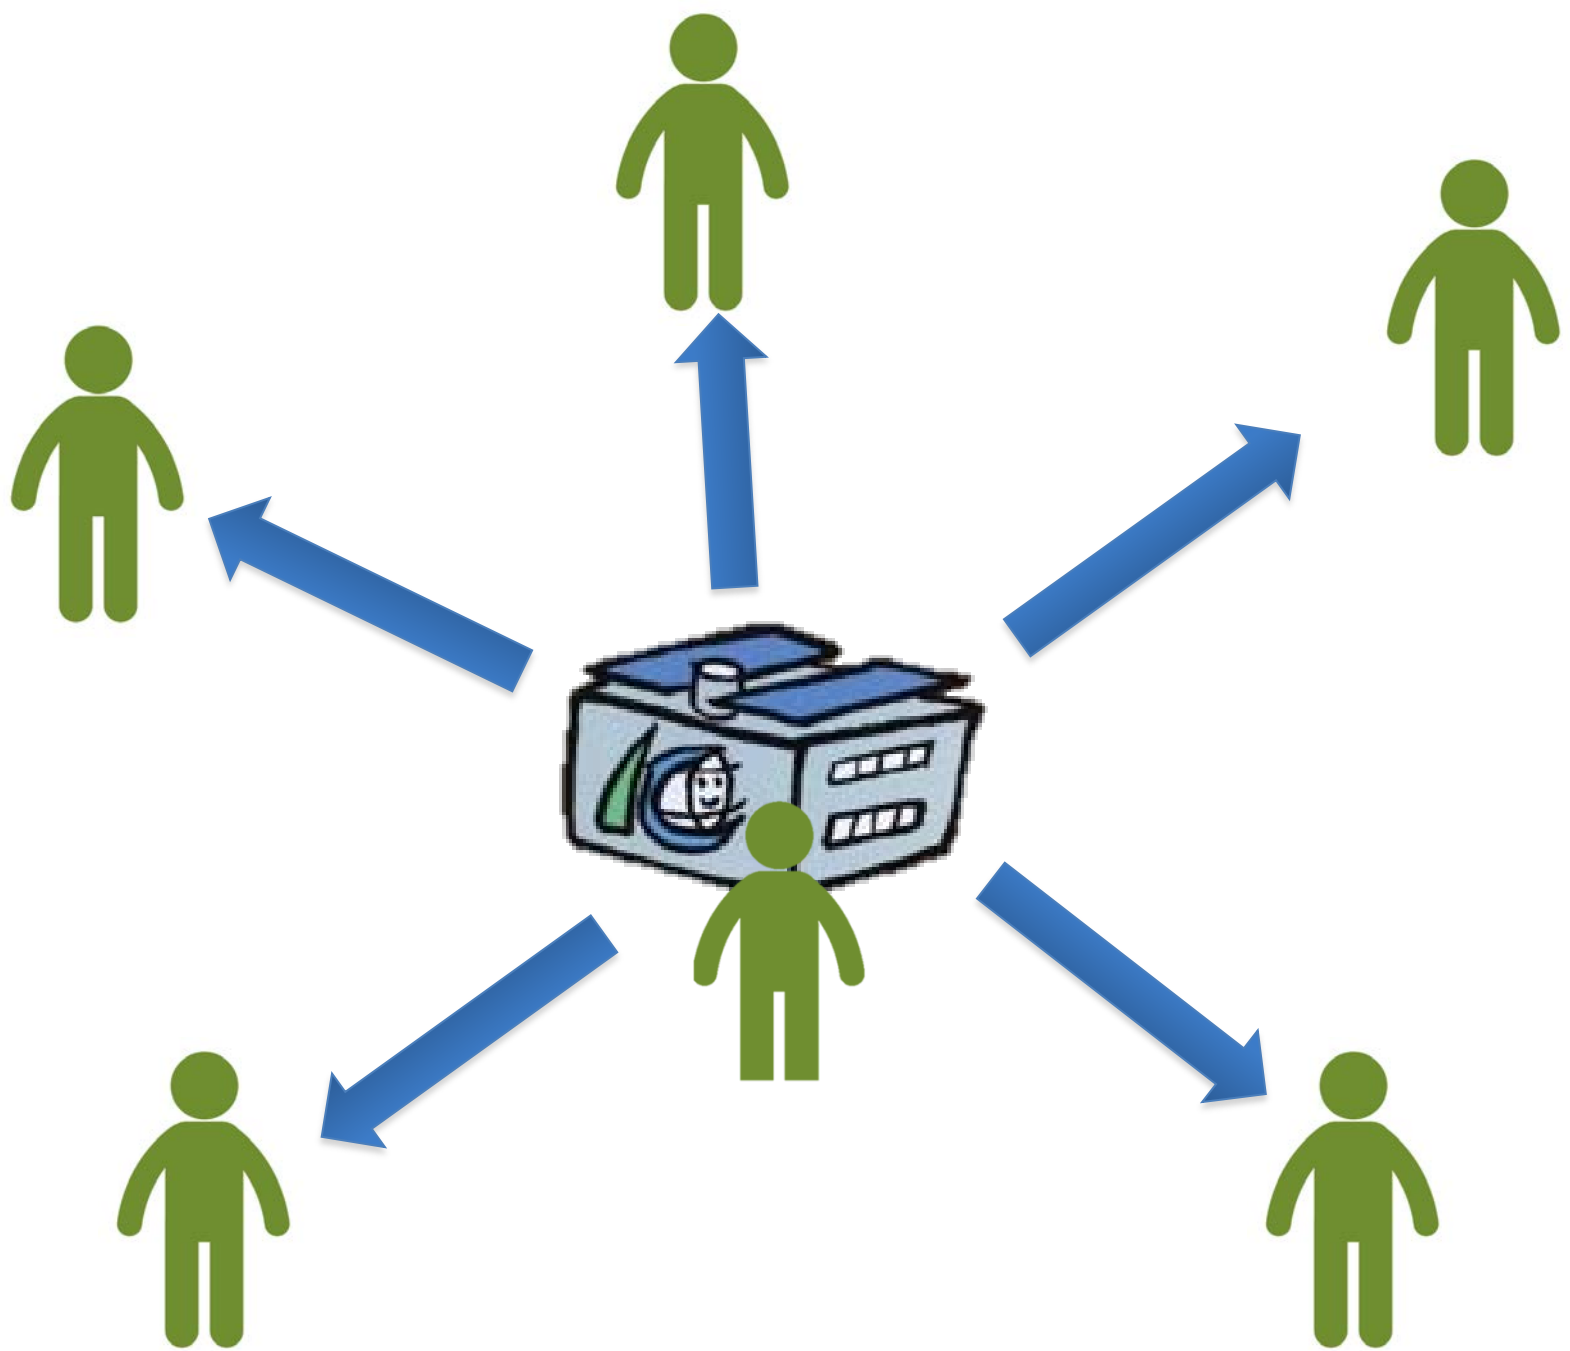

Promotion and supporting environmental activities in communities

Training and managing environmental volunteers (Human resource development)

Enlightenment of citizens' environmental awareness

International cooperation through our experiences

Thank you for your attention!

Kyoto Environmental Activities Association
