

Partnership for a New Age for Asia and Japan - Towards Realising Low-Carbon Societies in Asia

Date & Time : 12/5 (Sat) 15:15 - 16:00

Venue : Japan Pavilion

Organisers : Mizuho Information & Research Institute, Inc. (MHIR)
National Institute for Environmental Studies (NIES), Kyoto University, E-konzal
Institute for Global Environmental Strategies (IGES)

By COP21, all countries are expected to submit their INDCs. However, it is estimated that the total volume of all INDC commitments is not enough to attain climate stabilisation below 2 degrees. For implementation from 2020, every country must strengthen their INDCs further, and it is necessary to build-up a cycle to reinforce INDCs while conducting periodical reviews. More importantly, policy development should be promoted using integrated assessment models, such as the AIM. Based on the above, we would like to organise a side event on the growing importance of the AIM in Asia on the occasion of COP21.

The side-event will begin with a keynote speech on "AIM in Asia" , when a brief explanation will be made about Japan' s contribution to Asia over more than 20 years and about the importance of the application of AIM into policy review. AIM researchers in each country will then present their respective research results and reduction potentials.

Asian researchers making presentations themselves on their models will send a strong message about Asia' s growing potential to contribute to GHG reduction, and it will be an excellent opportunity to demonstrate Japan' s package-type support to the world which Japan has contributed to Asia for more than 20 years.

Partnership for a New Age for Asia and Japan - Towards Realising Low-Carbon Societies in Asia

Date & Time : 12/5 (Sat)

15:15 - 16:00

Venue : Japan Pavilion

Chair and Moderator: Prof. P. R. Shukla, Co-Chair of IPCC WG III

Programme

<p>15:15 - 15:30 (15mins)</p>	<p style="text-align: center;">Keynote Presentation</p> <p>AIM in Asia Dr. Junichi Fujino Senior Researcher National Institute for Environmental Studies (NIES), Japan</p>
