

Future Plan of the LCS-RN towards COP21@Paris

October 2, 2014

Naoya TSUKAMOTO

IGES

Toward the fruitful second season

1. Positive Input to COP21@Paris
2. Continuous Network Activity
3. Contents of Research

1. Positive Input to COP21@Paris

1. Joint Declaration

- * Feb. 2015 LCS-RN Paris meeting: Adoption of Declaration
- * Strategic timing : Through the ball into the stream!
- * Coordination with French Government

2. Booklet to illustrate lives in LCSs (LSC catalog)

- * Illustrate concrete images of LCSs including industry, transport, household throughout the members.

2. Continuous Network Activity

1. Increase the members
 - * Each member adds one new member, possibly from a new country
2. One-stop portal site on the web
 - * Empower the existing web page
3. Small size work-shops: 2 – 3 times/year
 - * Knowledge sharing for domestic planning until 2020
4. Domestic homework
 - * Appeal LCS declaration to its own government
 - * Support policy makers and civil society towards LCS

3. Contents of Research

1. Explore synergy between mitigation and adaptation
2. Others
 1. Harmonization with “Phase-out” group ?
 2. National mechanism to intake scientific knowledge to policy making
 3. Good practice to realize LCS scenarios
 4. Evaluation of nuclear power in LCSs
 5. Enhance resource efficiency in the industry sector
